City Council interest in an "Adopt a Street" Program

Take Pride In Our Community

The city council is interested in finding out about community interest for an "Adopt a Street" program. The Adopt-A-Street Program would be a partnership between the City and its merchants and residents. Groups or individuals may agree to adopt an area and take responsibility for keeping the streets clean. The Adopt-A-Street Program can create a cleaner, more pleasant environment for everyone who lives, works and shops in adopted areas. The program also strengthens community ties as neighbors and merchants work together to keep Plummer clean. Anyone interested in participating in the program can contact the City Clerk or any of your Councilmen.
